COMPULSORY SERVICE FOR BRITISH ARMY NOW IN GERMANY

Measure Passed House of Commons Although Alexander Shaw, Laborite, Opposed Continuance of Conscription.

London, Thursday, March 6.—Captain F. E. Guest introduced in the House of Commons to-day a bill which proposes compulsory service for the British army of occupation. This army, according to the bill, would be composed of 900,000 men and the enlistment period would expire on April 30, 1920. Alexander Shaw, laborite, moved the rejection of the measure because of labor party is opposed to a continuance of conscription.

Colonel Winston Spencer Churchill, defending the bill, argued that the government in providing for an army to insure peace, was "pursuing a path toward universal voluntary service."

"Our delegates to the peace conference are fighting for the complete abolition of conscription in Europe," he said. "A formal demand has been made that Germany be permitted to have only a small voluntary army on a long-service basis, but it is uncertain whether this point will be carried. Our representatives stand almost alone in this matter and it is not at all impossible that Japan, France and Italy, and even the United States, will be nations into whose military systems some element of compulsory service may enter."

"There is not the slightest truth in the suggestion that this bill is designed to raise troops to be sent into Russia," he continued. "If there were no such place as Russia, I would still be advocating this bill. No one would be so foolish as to suggest intervention in Russia with conscript troops. Our army along the Rhine and on the approaches leading up that river number about 430,000 men, which is no larger than the United States army there and much smaller than the forces France is maintaining in the occupied area."

Andrew Bonar Law, government leader in the House of Commons, maintained that the bill involved no departure from election pledges, and evoked loud cheers by asking: "Is it really suggested that, after fighting side by side with France for four and a half years, we are now going to leave it to France alone?"

He concluded by declaring that Premier Clemenceau had said: "If we do not take care, when the British and American armies have disappeared, we shall be faced again by the same danger."

The bill passed second reading by a vote of 304 to 71.

NO TRIAL FOR KAISER. COMMISSION DECIDES

It Fails to Find Legal Responsibility for the War, Although Moral Blame Is Fixed.

Paris, March 7.—The report of the peace conference commission to determine the responsibility of the authors of the war, was completed last night and will be presented to an early meeting of the supreme council. Robert Lansing is chairman of the committee. The work of none of the peace conference commissions has been guarded so closely as that of the commission on responsibility. The commission's report, it is understood, while fixing moral responsibility, fails to find legal responsibility because there is no precedent or law governing the case or no court existing to try the accused if legal guilt is found to be evident.

Delicate Children Vinol is What They Need

More than eight thousand druggists recommend Vinol because it contains in deliciously palatable form the oldest and most famous reconstructive tonics known to medicine. During the last sixteen years it has brought health and happiness to thousands of puny, ailing, anaemic children.

HERE IS PROOF

Middletown, Conn. "I used Vinol for my little girl five years ago for a rundown, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a hearty appetite, has gained in flesh and strength and is much pleasanter."—Mrs. C. B. Wilkinson.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Vinol Creates Strength

RED CROSS PHARMACY AND DRUGGISTS EVERYWHERE

A REAL IRON TONIC

Like Peptiron May Be Just What You Need This Spring.

Probably nine people out of ten have lost or are losing their grip on health in these trying months of awful epidemics, exposure to damp, changeable weather, and association with sick people in overheated homes.

Depleted blood, loss of the red corpuscles, shattered nerves, loss of appetite, dull, dozy feelings in the head, irritability, all loudly call for the real tonic strength and nourishment that Peptiron will give you. It is a wonderful corrective of anemic tendency, paleness, languor, nerve exhaustion.

Peptiron restores the red corpuscles to the blood and gives a natural vigor and snap that keeps up courage, makes you cheery and helpful to your family and friends, and contributes wonderfully to the health of all. Remember this one thing—as vitally, positively true—Peptiron is a real iron tonic.—Adv.

Wash Out Your Pores With Cuticura Soap

And have a clear, sweet, healthy skin with little trouble and trifling expense. Contrast this simple wholesome treatment with tiresome massaging and other fads. On retiring smear the face with Cuticura Ointment on the end of the finger, wash off in five minutes with Cuticura Soap and hot water, using plenty of soap, best applied with the hands which it softens wonderfully, and continue bathing a few moments. Rinse with tepid water, dry gently and dust on a few grains of Cuticura Talcum Powder, a delicate fascinating fragrance. Everywhere 25c. each.

Mrs. Bernard Tracy is ill with pneumonia. Earl Maxham was in Burlington the first of the week.

Clayton Witham, who has been ill with pneumonia, is better. Margaret Pike was in Waterbury over the week end. The members of the co-operative creamery are busy getting in the ice.

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of Hydrochloric Acid Sour the Food and Forms Gases.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sour in the stomach, much like garbage sours in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food and have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithium and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Adv.

LODGE DEPLORES HASTE ON LEAGUE

Wants to Have the Constitution Thoroughly Discussed

SAYS RASHNESS SHOULD NOT RULE

Because It Is the Most Momentous Question Ever Submitted

Boston, March 7.—The position of Senator Henry Cabot Lodge on the proposed league of nations and its constitution was outlined in a signed statement made public here to-day.

"My desire," Senator Lodge said, "is simply to have the constitution for a league, proposed by the commission of the peace conference, thoroughly and carefully discussed and considered. If it will not bear discussion, it is not fit for adoption. If it is what it ought to be, discussion will only strengthen it. There must be no haste, and no rashness in determining the most momentous question ever presented to the people of the United States or to the world."

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smootheners and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.—Adv.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe, improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

Absolute clothes satisfaction; that's what we really sell here. We have to have the merchandise that delivers satisfaction—if it doesn't, you get your money back.

The Very Latest

One thing that resulted from the restoration of peace among the fighting nations has been the emphasis given to "style" in clothes.

Everybody seems to want to show in clothes the reaction from the strict military sameness of appearance; the military features are not wholly discarded—good shoulders, slender waists, curved hip lines; but aside from these physical requirements, there's a call for special "smartness" of design.

Hart Schaffner & Marx clothes offer just these things to you, in a way that you'll not find them in any other clothes. Just look at the well-seam-waist type here shown; the pockets, the lapels. One look at that suit and you want it.

We'll fit you in it; many variations in fabrics and colors; and price.

HOG PRICE FIXING ENDED.

Food Administration, Unable to Maintain Impossible Situation.

Washington, March 7.—Removal of pork products from the export conservation list was announced Wednesday night by the war trades board, effective yesterday. At the same time the board rescinded the regulations by which all applications for licenses to export these commodities to European destinations were required to bear a certificate from the food administration showing that the administration had approved the sale price. The administration announced that this action will destroy ability further to stabilize the price of live hogs and the probable result will be in the price of hogs and pork increasing beyond the stabilized prices which the administration had desired to continue to March 31.

The war trade board announced that it had been advised that the allied provision export commission has been dissolved, and that purchases of foodstuffs for shipment to Great Britain, France and Italy would no longer be made by that commission. This commission was organized early in the war, and all foodstuffs for the allies bought in America were bought through it.

ATHLETIC STAR ENTERED.

For National Senior Indoor Championship in Brooklyn.

New York, March 7.—More than 150 athletes, including many champions, past and present, have entered in the various events for the A. A. U. national senior indoor championship in Brooklyn Saturday night, it was announced to-day by Frederick W. Ruben, chairman of the championships committee. The feature event is expected to be the one-thousand-yard run, which will bring together Joe Ray, Campbell, Caldwell, Baker, Stout, and several other stars.

Eight national champions have entered for the standing broad jump. Pat McDonald, Olympic champion shot putter, is entered for the weight event.
